A LONG STORY OF A UNION OF COMPANIES

Unialiment Group was born from the union of 4 companies with a common export department. After several years of sales hits in 60 countries the export department is restructuring in 2015 staying definitively as Comercial Exclusive Agency of the facilities and does not stopped to grow in a serious and confident way. The result is plenty satisfactory. We changed our internal organization in order to guarantee the Service and the professionalism known for 30 years by our partners, but not the main target : increase the presence of our products in the international markets. We are exporting since 1996 : our experience, guarantee, and the service of our specialties industries. Our VISION is based on a policy of organised distribution in the foreign markets by the close collaboration with our partners; proximity, flexibility and adaptation have been or arguments of triumph. What are the differences respect to our competitors:

- A team of professionals Agents, formed by the facilities, exclusively working for their export department.
 - Our goal is to procure a satisfaction level to our foreign partners bringing our knowledge in commercial and technical areas to our production facilities.
 - the value offered by our production plants, the guarantee we offer with each delivery. About quality controls, all ours factories have the APPCC (HACCP) standardizations, they also are IFS and BRC.
- Times and needs are changing, and alimentary safety is the base of the XXI century trade. Being competitive is not against being safe and quality Safe and Quality.

CHEESE

for every special moment

SPANISH CHEESE SLU is a family story first and foremost. A project of the Perez brothers whose purpose is to vindicate the tradition, the family and the origin of their products. This project is completed with another 18 people who work and give their know-how and effort every day to satisfy our customers.

A company that is born with a clear vocation: to promote the export of Manchego PDO cheese in particular and the cheeses of Spain in general. Our facilities, located in Albacete and equipped with the most puncture technology, are IFS and BRC certified. The cheese process is total in our plant: we cure, transform and cut, customize the products before making them available to consumers in more than 32 countries.

Manchego Cheese PDO, Cheese from Spain of all regions, Cheese from Europe, Cured Meats from Spain, Serrano and Iberian bellota in general, a complete range with a single interlocutor with a key domain of sanitary certification standards to be able to export.

Our project grows as our brands take root in the main markets. Spanish Cheese SL is among the 6 largest exporters of Manchego PDO cheese from Spain. For our quality, our homogeneity, our competitiveness, we want to offer you and convince you that our house is part of yours.
